## Laminate Flooring- MDF/HDF production

150 Acre Environmentally friendly HDF/MDF production base

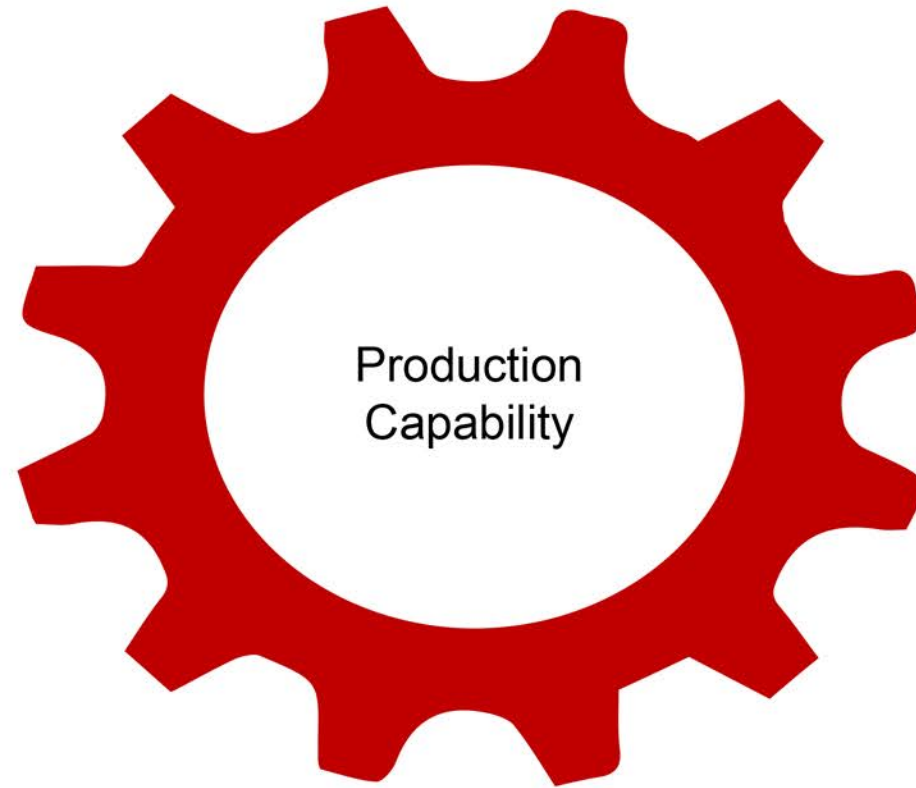

Massive Natural Materials

## A. Mass Supply Ability

Production Machines

350 million SQM annually in 2015

10 units High temperature and high pressure pressing Memhoner machine

4 units big panel cutting machine ( Made in Germany Paul)

4 units Homag profiling of Tap&Go locking machine ( Made in Germany)

Online installation test

4 units Automatic Bevel treatment and wax treatment

Automatically package and Pallet

Warehouse and loading area

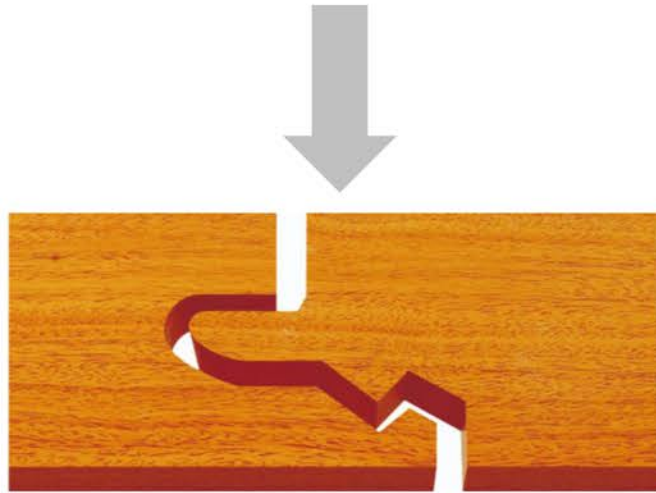

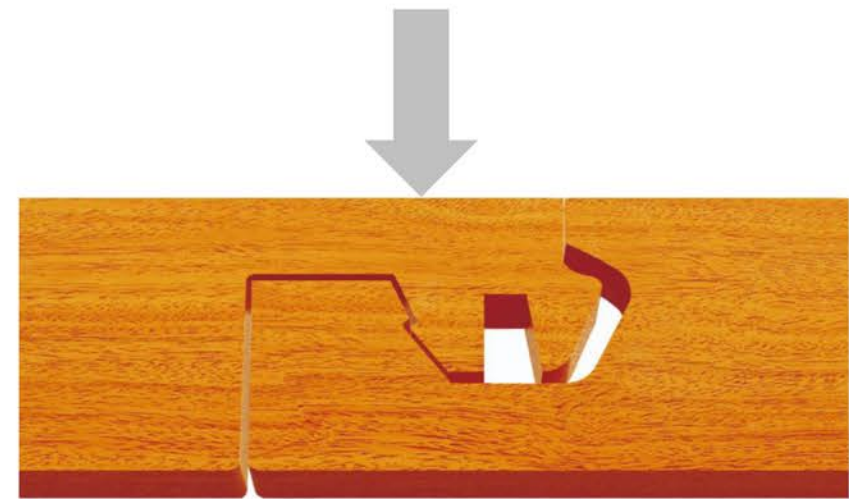

Quality control center

9 Flooring locking system: Tap & Go: Locking introduction

Popular click in market

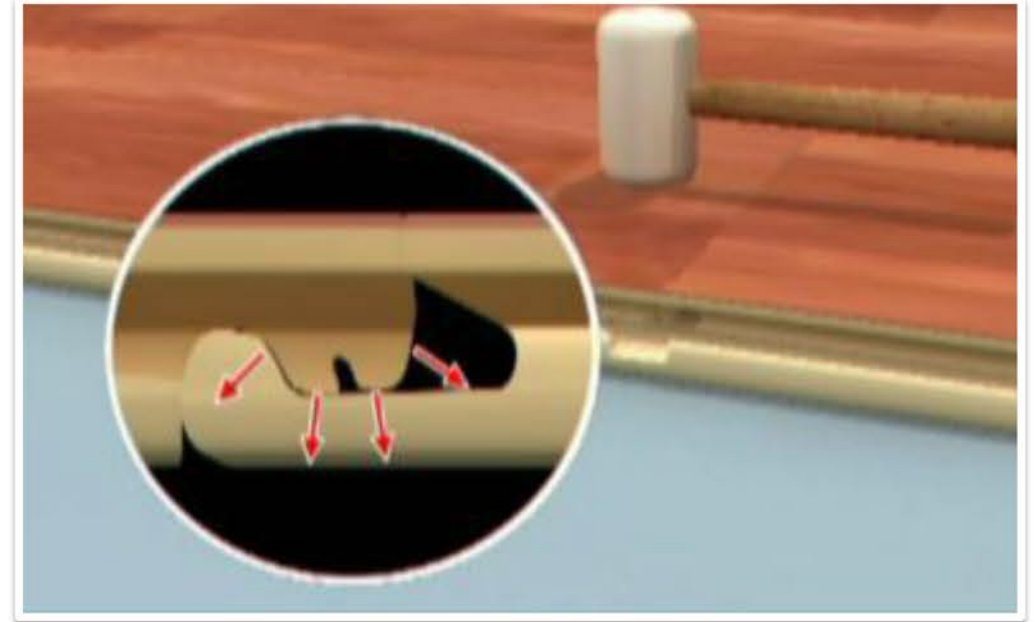

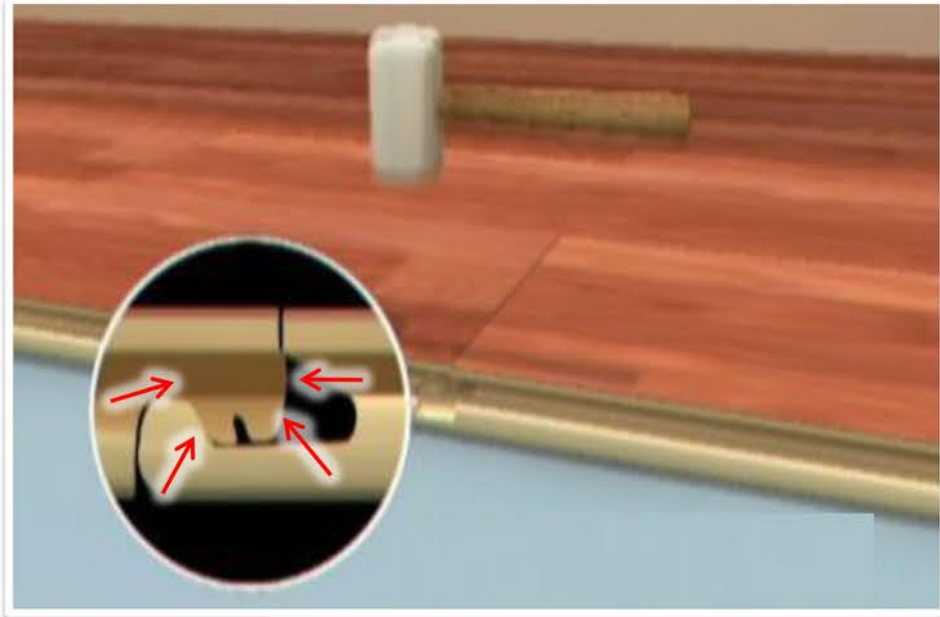

Tap & Go click

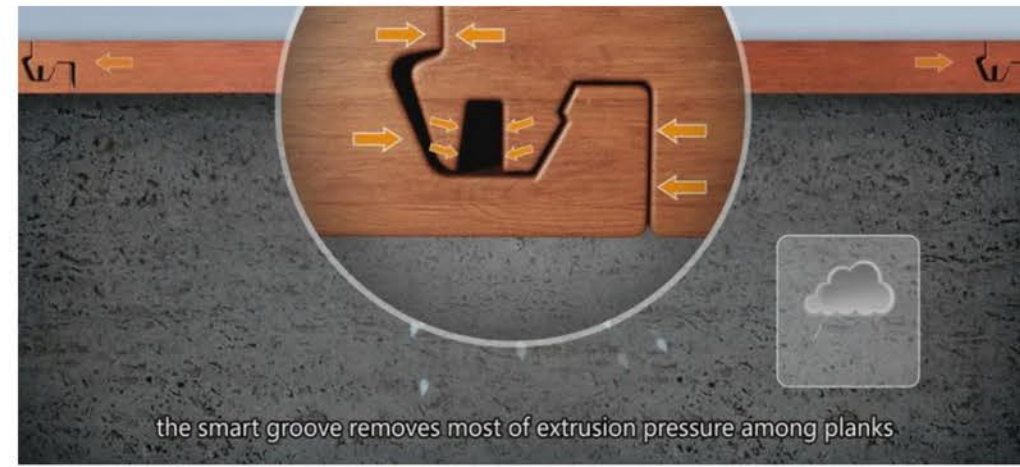

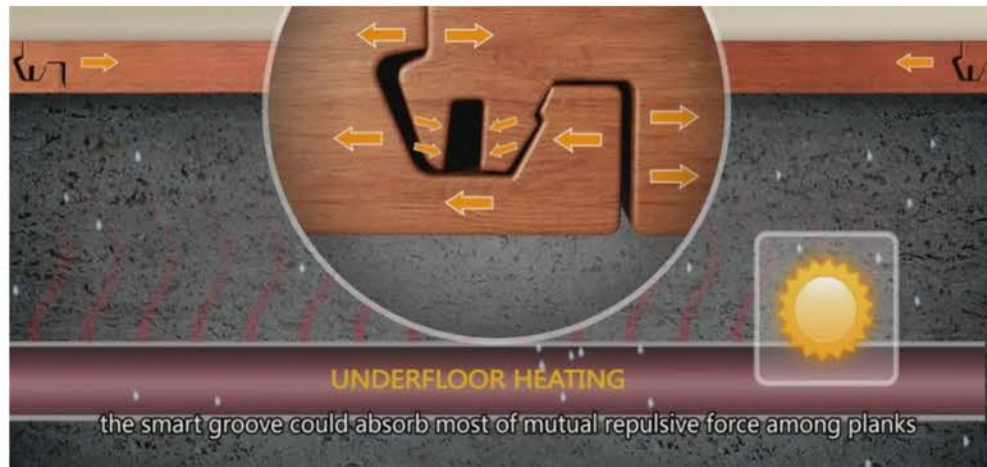

## Advantage of Tap&go Click Easy & Quick installation

- Installation could be done by 1 person.
- Based on elasticity of wood, up hook & down hook could be well connected.
- Generally, easy & quick installation is quite suitable for DIY.

[Link to the video –How to install tap&go laminate flooring.](#)

- Special groove design, plank could adjust (shrink or swell) under different temperature & humidity.
- Well control of warp/ gap/separation, good stability.

**13** Advantage Of Tap & Go Click  
*Easy Replacing Broken Plank*

➤ Only few steps, broken plank could be easily replaced. No need to take out all planks.

## Order Control system

惠普SAP系统升级服务解决方案  
HP SAP System Upgrade Solution
